Dr. G

Gerald A. Higginbotham (Dr. G) is a commercial airline pilot for a major U.S. international airline, an entrepreneur, and a community activist. He holds a certificate from the Joseph School of Business Entrepreneurship, and diplomas from Light Bible College and Power Learning Systems in Information Age Development. He also holds a BA in Psychology from California State University, Northridge and a Ph. D. in Biblical Studies and Divinity from the Jesus of Nazareth Church Ministries.

The Empowerment Zone

Dr. G is the founder of Unity for a Better Community, a non-profit organization whose mission is to effectively engaging adults and youth in a process that improves their economic and social status within their respective communities. He is also the founder and CEO of LLIFE, Inc, an organization that empowers networks of African American communities to become economically, politically, and socially viable.

Through his organizations, Dr. G has formed alliances with people and organizations that have resulted in the creation of a worker-owned restaurant, and a worker-owned Farmers Market is in progress.

Dr. G is no stranger to struggle and having doors slammed in his face. At seven years old, he witnessed the Watts riot in his own back yard. The image burned its way into his psychic, and never left.

Gerald overcame seeming insurmountable odds to get a college degree and fulfill a childhood dream of becoming a commercial airline pilot, a profession that he still practices today. But, he also never let go of the dream to prevent the possibility of another Watts incident. He realized that uniting to support common interests was an important key to strength. Interdependence among people with the same vision is all-powerful.

While still working his “day” job, Gerald went on to receive his Divinity degree, as well as a degree in Business Management. He has surrounded himself with accomplished, dedicated people who are passionate about positive change. He has aligned u4abc with networks of information and excellence.
